Welcome to BELS! We're the language school with a difference & we mean it because our clients' needs are given priority, and we truly mean it. BELS is an owner-run organisation built on core values: we supply quality service, we choose to be small and we remain client-focused.

The BELS group includes two adult, year round English language schools in Malta and Gozo: one in Kerčem, Gozo and another in St. Paul's Bay, Malta. BELS also runs a seasonal junior program for 10 - 16 year olds during Summer, in Malta. While staying at our English language schools in Malta and Gozo you can relax and focus on your studies. Our energetic team will handle everything to ensure that your stay at our English language schools in Malta and Gozo is a useful, memorable and unique one. experience.

Our English schools in Malta and Gozo are modern centres, each with their own unique charm. Our language school in Malta has 14 classrooms and is purposefully built to serve as a

state-of-the-art teaching facility. The same level of quality was instrumental in the conversion of our building used as a language school in Gozo which has 8 classrooms. Classrooms in both schools are equipped with interactive whiteboards and audio-visual equipment and libraries. In addition, both our English schools in Malta and Gozo are fully accessible to persons with special needs.

BELS Junior Camps

Our Junior camps are created especially for adventure-seeking 10 to 16 years-old students. We make sure that all our lessons are practical, relevant and engaging for teens in an interactive classroom environment with young, energetic teachers. Our teen camp programmes include return airport transfers, accommodation in families or residence on full board basis, international classes & a varied leisure programme. In addition to our Teen Camp we also offer a Parent & Child Programme & a Young Adult Malta Programme specifically designed for 16 and 17 year olds who do not need 24/7 supervision.
